Subject: - Scheme for establishment of Hi-Tech and Mini Dairy Units for the Year 2022-23 (N).

Memo

This scheme is proposed to be implemented in the State in the year 2022-23. The scheme in principle stands approved by the Government in the State Revenue Budget for the year 2022-23 for which an amount of Rs. 1500.00 lakh is earmarked. It is a non-staff scheme and will be implemented with the help of the existing staff.

1. Brief Background:-

- Animal Husbandry is an integral part of agriculture along with a major contributor i.e. 28.4% of Agricultural Gross Domestic Product (AGDP) and 4.90 % of total GDP of country and thus is endowed with a high potential of self-employment opportunities.
- Animal husbandry also contributes 6.2 % to total of State Gross Domestic Product of Haryana. In present scenario, when growth rate in crop production is stagnating, it is the animal husbandry sector which holds promise for achieving higher growth rates in State Gross Domestic Product (GDP) as well as providing employment to the unemployed.
- There is vast potential of self-employment generation in this sector. The establishment of dairy units can generate substantial employment (direct or indirect). There is well-knit infrastructure of veterinary institutions throughout Haryana catering to the needs of the livestock owners for providing breeding, health and related services in the State. Further vicinity of Tricity and National Capital Region having ample marketing opportunities makes animal husbandry activities an attractive option for self-employment to the unemployed in the State.

2. Justification for the Scheme:-

There are 19.29 lac Cattle and 43.68 lac buffaloes in the State as per the 2019 livestock census. Haryana State has a vast potential of self-employment generation in the animal husbandry sector. The establishment of piggery, Sheep and Goat units can generate substantial employment and also increase in production of livestock products such as milk and other milk related products.

3. Brief of Achievement during last three years:-

During last three years 4942 dairy units have been established under this Scheme.

4. **Long term objectives:-**

- i. Creation of employment opportunities through Animal Husbandry activities.
- ii. To increase milk production and Dairy products.
- iii. To up-grade and develop valuable Breeds / Germplasm available in the State.
- iv. To increase per Capita milk availability in the state.

5. **Medium term objectives:-**

- i. To provide gainful self-employment to the unemployed persons
- ii. To supplement the income of the families of the beneficiaries
- iii. To raise the socio economic status of the weaker sections of the society
- iv. To commercialise dairy unit by encouraging small dairy unit owners to increase the size of their unit to 20 and 50 milch animals.

6. **Description of Scheme:-**

This is a credit linked scheme with a primary objective of providing self-employment opportunities. The unemployed persons would be assisted by way of providing financial assistance in form of subsidy for establishing dairy units of 4, 10, 20 and 50 milch animals. There is a target to set up 580 dairy units during FY 2022-23.

7. **Types/Sizes of Dairy Units to be established under the Scheme:-**

Under the Scheme following types of Dairy Units having milch animals like buffaloes, indigenous cows (Hariana, Sahiwal, Belahi, Red Sindhi, Tharparkar and Gir breeds only) and crossbred cows would be established-

<u>Sr No.</u>	<u>Type of dairy Unit</u>	<u>Targets</u>

4	Dairy Units of 50 Milch Animals (Interest Subvention)	40
